Dear Upcoming Fourth Graders and Parents,

Our goal is to have our students keep up with their reading throughout the summer. In order to accomplish this goal, we are requiring each student to read a minimum of amount of time over the summer.

<b>Grade</b>	<b>Time Requirement</b>	<b>What to read</b>	<b>Special Notes</b>
<b>Students entering the 4<sup>th</sup> grade</b>	<b>Read a minimum of 8 hours this summer! (We hope you'll read more!!)</b>	<b>The possibilities are endless! Try reading at least one nonfiction book or article!</b>	<b>Keep a log on paper attached</b>

In addition to the written log, your child MAY want to log into an online reading program.

At [www.scholastic.com/summer](http://www.scholastic.com/summer), your child can do the following:

- Log in their minutes spent reading
- Participate in fun activities
- Take part in weekly challenges and games
- Earn digital rewards

Students are encouraged to read any and all types of books that suit their needs and interests. All genres are encouraged: fiction, mystery/suspense, historical fiction, non-fiction, drama, poetry, sports, animals, biographies, graphic novels, etc.

Some Non-fiction sites you might like to read from are:

<https://newsela.com/>

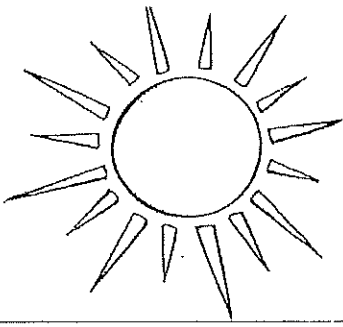

<http://tweentribune.com/>

<https://student.societyforscience.org/sciencenews-students>

We believe that you are your child's most important teacher. By encouraging your child to read this summer, you will make a difference in his /her continued success in fourth grade.

Have a blessed summer!!!

Fourth Grade Teachers
